Holloman Red Cross Newsletter

Building 222 Suite 225
Holloman, Air Force Base

It seems that just when you think you have it all is when you have to adapt to change. We here at the Red Cross are no exception to that rule. This month we have to say goodbye to three Advisory Members two of which were also Holloman Red Cross Chairman. Mrs. Laurie Neill who served as our Senior Advisor for almost a year. Mrs. Neill was always there to help us through when we really needed it, to lend us great advise, and most importantly of all her time. Militza Reyes our Records Chairman who kept track of all of our volunteer hours and many other records in the office will be greatly missed. Last but not most definitely not least our Hospital Chairman Michaela Hardin. Someone who is always doing so much for others not just for the Red Cross. She managed to keep us up to date at the Hospital and welcome new volunteers with open arms. The contributions made by these women is immeasurable. We wish them all a very fond farewell. Good Luck in all of your future endeavors.

Station News

Every year we depend on the help of people and organizations here on base to help us with our yearly Rose Sale Fundraiser. However, this year with all of the deployments and personal sacrifice that so many have had to make in support of the war, we were a little worried about meeting our goal of 200 ticket sales. We not only met our goal, we sold an additional 10 for a total of 210. We would like to sincerely thank all of you who sold tickets to your friends, co-workers, family members and anyone else you could get a hold of. Thank you to the people who volunteered to deliver the roses here on base and in the surrounding areas. We would also like to thank all of the agencies and businesses on base who let us put up fliers. Without the support of such wonderful people we would not have had such a successful fundraiser. What a honor it is for the Holloman Red Cross to be part of such a great community.

If you are interested or would like to be a part of the Red Cross we will be taking applications for two Chair positions. Records Chairman is a position that requires the person to keep track of several records in the office. The Hospital Chairman position requires keeping in touch with volunteers in the clinic's and keeping track of hours and reporting them for those volunteers. Please come by the office to apply.

We have searched long and hard and have found them. The Hospital Smocks are available for purchase at the office. They have the Red Cross volunteer patch on them and extra roomy pockets on the front. The smocks tie at the sides and are navy blue. Please come by and take a look they are for sale at cost and we only have five for sale.
