MQ-9 REAPERS FROM HOLLOMAN AFB CONDUCT EXERCISE IN CALIFORNIA

HOLLOMAN AIR FORCE BASE, N.M. – The 49th Wing deployed MQ-9 Reaper assets and approximately 40 personnel to Naval Air Station Point Mugu, Ca., to participate in Exercise Agile Reaper for three weeks in Sep.

This routine training exercise is a significant movement of MQ-9s and will introduce overwater training for improvement of student quality and master instructor development.

Despite the current COVID-19 crisis, the 49th WG maintains a ready force and this exercise demonstrates the ability to rapidly mobilize assets and personnel in any environment.
